Global Power Supply provides secure, industry-compliant cabinet systems for data centers, hospitals, and other critical facilities that depend on uninterrupted power.

The Vertiv(TM) EnergyCore Li5 and Li7 battery systems deliver high-density, lithium-ion energy storage designed for modern data centers. Purpose-built for critical backup and AI compute loads, they ...

Save space, flexible placement: Supports back-to-back installation, side output,and does not require pre-installed cable ducts/cable racks for battery cabinet installation, saving on site costs.

With our commercial battery energy storage systems, your business can continue operating during power outages, keeping critical systems like lighting, refrigeration, and communication running.

Unified Power offers a complete line of battery cabinets for both UPS and Telecom Applications. These cabinets can be configured to match OEM cabinets and offer a competitive option for system ...

Modular design with up to 2MW in 200kWh increments. Discover the SRC-2000, an advanced battery storage solution with up to 2000 kWh. Ideal for energy optimization and critical infrastructure support.

Alpine Power Systems engineers and builds customized battery cabinets and enclosures for critical power applications, for utility, telecom, CATV, data center and other applications.

Exponential Power"s Battery Cabinets & Enclosures provide durable, secure solutions for telecommunications and industrial applications. Designed to protect battery systems, these cabinets ...

We carry a full line of factory-assembled cabinets designed for data center UPS backup systems with pure lead agm batteries.

Intelligent constant temperature control of the battery, high protection structure design, support outdoor use; The battery is deeply discharged with 100% DOD, and the cycle life exceeds 6000 times under ...
