Chargex manufactures high-performance lithium ion batteries for solar energy, RVs, marine vessels, electric vehicles, and industrial applications. Long-lasting, lightweight, and reliable power solutions.

As a backup power source during outages, the 72V 150Ah Lithium battery pack for car provides steady energy to critical machinery and systems in industrial settings.

Our 72V 150Ah lithium battery pack, designed for optimal performance, offers customizable solutions with high-quality LiFePO4 cells for your specific needs.

Upgrade your golf cart or utility vehicle with the Texas Lithium 72V 150Ah Battery Pack. This eco-friendly, lightweight battery provides unmatched performance and longevity, while also offering quick ...

The TYCORUN 72V 150Ah lithium battery, equipped with advanced BMS protection and Bluetooth support, offers long service life, high safety, and fast charging. It provides stable, reliable power for ...

Chargex manufactures high-performance lithium ion batteries for solar energy, ...

Optimized for fast charging and stable performance in extreme temperatures (-20°C to 60°C). Perfect for residential and commercial solar setups, providing reliable off-grid or hybrid energy storage with high ...

Our engineers have design and tested a complete battery system that replaces outdated lead acid batteries. Easy installation and the batteries require ZERO Maintenance.

Discover our 72V 150ah lithium cell battery, perfect for energy storage systems, solar systems, and electric motorcycles. Our battery lithium options include lithium ion batteries and lithium battery packs ...

Optimized for fast charging and stable performance in extreme temperatures (...

150 lithium battery pack 72V

The LBC 72V 150AH - LFP Battery Pack is a high-performance battery solution designed for applications requiring reliable and efficient energy storage. With its advanced LFP chemistry, this ...

The 72V 150Ah lithium battery is the best choice to replace lead-acid batteries. It uses high-quality LiFePO4 cells that provide high energy density and stable discharge performance.
