Locate EV charging stations across the UK with real-time availability. Filter by connector type, network, speed and ratings to plan your next charge hassle-free.

Electroverse's live, interactive EV charge point map UK helps you find public chargers, fast or ultra-rapid, in cities, towns, and rural areas. See availability, plan routes, and make EV driving simple.

With more than 80,000 public charging points across the UK, the interactive map below lets you search by location, filter by connector type or charging speed, and check real-time availability - so you can ...

Find the best charging stations for your electric car wherever you are. Simplify your search with the filters: free stations, highest scores, connectors, power ratings etc.

Find electric vehicle charging stations near you. Real-time availability, charging speeds, and navigation to the nearest EV charger.

This is a temporary filtered view. When you exit this view, you will return to your normal filter settings.

UK-wide map of electric car charging points allowing EV drivers to find EV charge points and plan electric journeys to the nearest charging point.

There nearly 20,000 electric vehicle charging points in the UK - and that number is growing all the time. Our map will show you where you can find each one of those charging point locations.

For the fastest session, arrive with lower states of charge at your battery's ideal temperature, aiming for chargers which don't limit charging speed based on adjacent vehicles.

From the overview there is information about number of chargers that are available, occupied or out of order. With a simple click, the price and availability for each charger is displayed.
