Explore our range of high-performance commercial energy storage systems, designed to reduce costs and increase efficiency in your business operations. The Matrix CP series is a versatile battery rack ...

Highly efficient, easy-to-deploy 50kW, 400V 3-phase UPS. Brings best-in-class power protection and low total cost of ownership to edge, small and medium data centers, as well as to critical infrastructure in ...

The SolarEdge Battery Inverter BA 50 kW is a high-performance three-phase inverter specifically designed for the Australian commercial storage market. It serves as a key component of the ...

The Deye GE-F60 is a high-performance, safe, and expandable battery energy storage solution designed for demanding applications. Utilizing advanced lithium iron phosphate (LFP) battery ...

Australian-designed and tested, Battery Box offers silent, zero-emission ...

Australian-designed and tested, Battery Box offers silent, zero-emission operation and reduces generator runtime by up to 85%. The system is portable, easy to deploy and compatible with solar ...

Equipped with advanced LFP battery technology, this 50kw lithium ion solar battery storage cabinet offers reliable power for various applications, including commercial and industrial energy storage, ...

Discover the MEGATRON Series - 50 to 200kW Battery Energy Storage Systems (BESS) tailored for commercial and industrial applications. These systems are install-ready and cost-effective, offering ...

Product Ranges:30-50 kW / 50-100 kWh Our small commercial battery storage cabinet is designed for businesses requiring reliable backup power and efficient energy management.

The Schneider Electric™ exclusive Galaxy Lithium-ion Battery Cabinets for 3-phase UPSs are innovative

50kW Battery Cabinet for Australian Data Centers

energy storage solutions for data centers, industrial processes, and critical infrastructures.

Our pre-wired cabinets minimise the time required to install batteries and inverter equipment on-site. Ranging from small battery enclosures to cabinets, including gear trays you can pre-build and test in ...
