While Russia's military occupation of Abkhazia and Tskhinvali remains a direct challenge to Georgia's sovereignty, Moscow has expanded its influence through political co-optation, economic ...

Louisiana LNG was previously the Tellurian-owned Driftwood LNG project. In July 2024, Woodside announced it was purchasing Tellurian for \$900 million as a means to further its global ...

The transition to clean energy is inextricably linked to a renaissance in mining, and more broadly, a renewed focus on the entire mineral supply chain. Indeed, virtually every technology seen as critical ...

The dirty secret of renewable energy - we've been storing power with stone-age batteries that lose 30% capacity within 500 cycles. Last month's blackout in Texas? That wasn't just about frozen wind ...

Raiden eventually managed to reach Desperado's main base in Abkhazia, a production plant near the coast. He then fought with the leader of the forces stationed at Abkhazia, Mistral.

FPL plans grid energy storage with 409 MW of power and 900 MWh of energy at the site. By 2018, 8 additional PV solar sites were in service at 75 MW each. FPL issued a request-for-proposals (RFP) ...

Abkhazia \$900 million energy storage project

Alberta quietly authorized \$900M in public backing for hydrocarbons while constraining private renewables, shifting risk from industry to taxpayers.
