What can you store in a private locker in Death Stranding?

Thankfully, you can store whatever you like in private lockers throughout Death Stranding's world. Unlike shared lockers, anything you store in a private lockers is yours and yours alone. Before you put anything in a private locker in Death Stranding, let's answer a few questions you might have. What can I store in a private locker?

Where can I find a locker in Death Stranding?

Shared and private lockers can be accessed at any safe house or distribution centre throughout the various maps of Death Stranding. However, their uses ever so slightly differentiate.

Do you have to remember where you left a private locker?

No. Private lockers store those items at that discrete location. So if you're using private lockers to offload resources or critical cargo, you have to remember where you left it since it will stay at that private locker. You can see what you've stored in a private locker from your map.

Are private lockers connected?

Private lockers are independent of one another and not connected. Same with shared lockers, each postbox and base and safe house has their own lockers, so you cant deposit an item in lake knot city and pick that same item up in south knot city, for example. Only antisocial hoarders use private lockers. :)

Thankfully, you can store whatever you like in private lockers throughout Death Stranding's world. Unlike shared lockers, anything you store in a private lockers is yours and yours...

Each private locker is specific to that location, so if you leave a ladder at a place in the beginning. You'll need to travel all the way back to grab it. Since everything is aiming to be ...
