From outdoor energy storage system cabinets to integrated cloud-based controls, EPC Energy has you covered. We want to help you create a sustainable future.

Outdoor cabinets from HuiJue are engineered to maintain internal stability even under rapidly changing external temperatures, direct solar radiation, or high humidity.

With IP54/IP55 protection, anti-corrosion design, and intelligent temperature control, they are ideal for telecom base stations, remote power supply, and containerized microgrids. Our outdoor cabinets are ...

Empower your off-grid projects and grid-support applications with a reliable outdoor battery storage cabinet from TOPBAND. Engineered for harsh climates and demanding workloads, our outdoor ...

Highjoule's Outdoor Photovoltaic Energy Cabinet and Base Station Energy Storage systems deliver reliable, weather-resistant solar power for telecom, remote sites, and microgrids.

Whether you're looking to cut costs, ensure power reliability, or integrate renewables, our team of experts is here to help you design the perfect energy storage solution.

Engineered with reinforced steel enclosure and IP55/IP65 protection class for dust, water, and corrosion resistance in severe climates. Combines high-voltage lithium battery packs, BMS, fire protection, ...

Secure your off-grid power needs with our outdoor cabinet energy storage system. Designed for resilience, it offers high-capacity energy storage in a weather-resistant cabinet.

Designed for harsh environments and seamless integration, this IP54-rated solution features a 105KW

Corrosion-resistant outdoor photovoltaic energy storage cabinets for railway stations

bi-directional PCS, optional air- or liquid-cooled thermal management, and parallel operation ...

AZE's heavy duty outdoor battery enclosures and Lithium battery storage system are available in NEMA 3R, or 4X configurations. These outdoor battery enclosures, which come in all shapes and sizes, are ...
