Are extruded solar panel racking rails affected by import duties?

Commerce has included extruded solar panel racking rails within the group of products affected by these impending import duties. This includes imported aluminum solar panel mounting systems, which fall into the subassembly category within these duties, and solar tracker assemblies.

Will bifacial solar panels be removed from safeguard tariffs?

A notable pivot in policy is the imminent removal of the bifacial module exclusion under Section 201. Bifacial solar panels, which are predominantly used in utility-scale projects, have enjoyed an exclusion from safeguard tariffs.

Do 'anti-circumvention' tariffs on solar panels have to be paid?

They do not have to be paid on cells and modules that are already subject to separate 'anti-circumvention' duties on equipment that Commerce found in an earlier Auxin investigation is being manufactured in southeast Asia using Chinese parts to avoid high tariffs on solar equipment manufactured wholly in China.

What are the anti-dumping and countervailing duties on solar panels?

The countervailing and anti-dumping duties are in response to a petition that a group of seven solar panel manufacturers called the American Alliance for Solar Manufacturing Trade Committee filed with the US government in April 2024.

Tariffs, foreign content restrictions, and antidumping and countervailing duty investigations have reshaped the landscape for imports of solar components and manufactured ...

As time flies, the year is drawing to a close. Over the past year, BTC Company has deeply rooted in the field of import and export trade of photovoltaic brackets. With firm faith, practical ...

The US Commerce Department set final countervailing and anti-dumping duty rates on Monday for crystalline solar cells and modules imported from four southeast Asian countries.

The Commerce Department issued notices in the Federal Register on its recently initiated antidumping duty

and countervailing duty investigations on crystalline silicon photovoltaic ...

This analysis sheds light on major solar manufacturing countries, referencing the initial reciprocal tariff rates, and incorporates an overview of the current trade barriers such as AD/CVD ...

Commerce has included extruded solar panel racking rails within the group of products affected by these impending import duties. This includes imported aluminum solar panel mounting ...

Does aluminum alloy need aging heat treatment for solar photovoltaic brackets? The commonly used aluminum alloy series for solar photovoltaic brackets need to undergo aging heat treatment to ...

Introduction On July 17, 2025, the Alliance for American Solar Manufacturing and Trade, representing domestic manufacturers, filed petitions with the U.S. Department of Commerce (DOC) and the U.S. ...

The Biden administration continues to navigate the intricate course between fostering domestic solar manufacturing and countering perceived unfair trade practices by China.

In June 2024, the U.S. International Trade Commission found that imports of c-Si cells and modules from Vietnam, Malaysia, Thailand, and Cambodia may be harming the U.S. solar panel ...
