Are there any publicly traded companies in the United States?

There are thousands of publicly traded companies in the United States. Giants like Google, Amazon and Apple are the obvious choices, but there is a whole ecosystem of others to know about. Headquarters: Santa Clara, California

What are public traded companies?

These companies, trading on exchanges like NYSE and Nasdaq, span crucial sectors, including cloud security, enterprise software and fintech. Publicly traded companies are a key component of the American economy, allowing anyone to own shares of a company and earn a profit in return.

How many companies are on the Fortune 500 list?

There are exactly 500 companies on the Fortune 500 list. The list was originally created to highlight the top 500 U.S. companies based on their annual revenue. This is where the name "Fortune 500" comes from. While the majority of the companies on the list are publicly traded, it also includes some private companies that meet the revenue criteria.
