Chinese solar power giant Longi Green Energy Technology Co officially announced its entry into the storage sector with the launch of the Longi Energy Storage One-Stop Solution.

LONGi leads the solar energy revolution with PV technology, delivering high-efficiency modules, solutions, and full-cycle quality assurance.

The LONGi Energy Storage Solution will be deployed first in key markets such as the UK, Germany, Italy, and Spain, helping utilities and power companies build smarter and more ...

China-based photovoltaics and electrolyser maker LONGi has officially moved into the energy storage sector with the launch of its LONGi Energy Storage One-Stop Solution, positioning ...

Supported by flexible energy storage and other advanced technologies as well as innovative policy mechanisms, efforts can be made to optimize the actual load demand and integrate the power supply ...

LONGi is a world leader in the clean energy transition. We provide a comprehensive suite of solar PV solutions that can optimize a wide range of project applications.

Currently, LONGi possesses leading technologies in PV and hydrogen energy - with its HIBC cell efficiency reaching 27.81% and its ALK electrolyzer capacity ranking first globally.

We caught up with the president of system integrator PotisEdge following news of its acquisition by Longi, which marks the Chinese solar PV giant's move into the energy storage industry.

LONGi's energy storage solutions will be initially deployed in key markets such as the UK, Germany, Italy, and Spain, helping utilities and power companies build smarter and more ...
