---

Dr. Xie Tian highlighted that the Jiaying Production Base, as the world's first "Lighthouse + Zero-Carbon" factory in the photovoltaic industry, exemplifies LONGi's leadership in integrating ...

LONGi leads the solar energy revolution with PV technology, delivering high-efficiency modules, solutions, and full-cycle quality assurance.

Chinese solar manufacturer Longi unveiled a new PV module with 25.9% efficiency at the 2025 SNEC trade show this week in Shanghai, produced using both low- and high-temperature ...

Embrace the power of solar energy with LONGi, the global leader in monocrystalline solar panels. Discover their range of high-performing products.

Vertically Integrated Solar PV Value Chain LONGi's technological and manufacturing leadership in solar wafers, cells and modules underscores our commitment to helping accelerate the clean energy ...

In a landmark achievement for sustainable manufacturing, LONGi's Jiaying Production Base has become the world's first facility in the photovoltaic (PV) industry to earn dual recognition as both a ...

Founded in 2000 by CEO Li Zhenguo, Longi has steadily grown over two decades to become the world's leading supplier of solar PV products and solutions, with one of every four solar ...

Founded in 2000, LONGi is committed to being the world's leading solar technology company, focusing on customer-driven value creation for full scenario energy transformation.

A name from the list of Top-10 world's solar brands, LONGi Solar has been called the fastest-growing PV manufacturer at times. What kind of panels does it offer and what are its ...

# Longi photovoltaic panels are the world's first

LONGi Solar is the world's leading manufacturer of high-efficiency monocrystalline silicon wafers and PV modules. With advanced HPBC and PERC technology, LONGi delivers reliable, high-performance ...
