Explore our modular outdoor communication cabinet for efficient, safe, and reliable hybrid energy solutions. Discover more!

The Outdoor Base Station Cabinet is a robust and weatherproof telecom cabinet engineered to house communication, power, and battery equipment in outdoor environments.

Experience the HJ-SG-D02 series from Huijue Group, a versatile outdoor communication energy cabinet designed for stable power supply in communication base stations, smart transportation, and more. ...

The cabinet operates within a wide temperature range of -20°C to $+75^{\circ}\text{C}$, ensuring reliability in extreme weather conditions. It features intelligent temperature control and energy-efficient automatic ...

Suitable for off-grid locations and regions with high electricity costs where station construction is needed. Can be used in both grid-connected and off-grid scenarios, particularly in areas where grid electricity ...

Outdoor cabinets from HuiJue are engineered to maintain internal stability even under rapidly changing external temperatures, direct solar radiation, or high humidity.

Available in both 100kWh and 215kWh capacities, this modular system integrates power modules, batteries, cooling, fire protection, and environment monitoring in a compact outdoor cabinet.

The cabinet includes a smart thermal management system with a temperature-controlled fan and RS485 communication for data upload, ensuring efficient operation in varying climates.

This outdoor cabinet for energy storage system (ESS) applications is engineered to house batteries, inverters,

Low-temperature type outdoor communication cabinet for energy storage power stations

and controllers with superior protection and durability.

Indoor and outdoor cabinets tailored for your energy needs. Designed to withstand extreme conditions and ensure continuous operation. Energy storage solutions ranging from 112kWh to 481kWh for ...
