What is the microgrid & off-grid Innovation Forum?

The 20th edition of the Microgrid & Off-Grid Innovation Forum, September 30 - October 1, 2025 in Austin, TX brings together technology innovators, project developers, utilities, energy providers and policy makers for focused networking and in-depth information sharing at the cutting edge of microgrids in North America.

Why do we need microgrids & off-grid energy systems?

As data centers, EV uptake, electrification of industrial processes and other factors drive growth in demand for electricity in North America, microgrids and off-grid energy systems are seen as a key solution.

What is defined as a microgrid?

According to the Department of Energy (DoE), a microgrid is defined as 'a group of interconnected loads and distributed energy resources within clearly defined electrical boundaries that acts as a single controllable entity with respect to the grid'. This definition outlines a microgrid as a self-contained system capable of operating independently from the main power grid or in parallel with it.

What is the global microgrid market size?

Indeed, the global microgrid market size was estimated at \$76.88 billion in 2023, and the market in North America is forecast to grow at a compound annual growth rate (CAGR) of 16.2% from 2024 to 2030.*

The Forum brings together thought leaders, utilities, energy providers, project managers... for focused networking & information sharing concerning the latest technological developments, design and ...

If your organization is facing challenges posed by energy availability and reliability, grid resiliency and rising costs, this is a must-attend event. Save 15% with our promo code CLTX15.

From resilient infrastructure to sustainable solutions, Microgrid Knowledge 2026 will showcase how decentralized energy systems are keeping us connected--empowering communities, strengthening ...

Don't miss this opportunity to network with key industry leaders shaping the growing microgrid market in North America -- Contact us to arrange your participation!

The 21st Microgrid & Off-Grid Innovation Forum brings together industry leaders to explore the latest

Microgrid Forum

advancements in microgrid and off-grid energy systems to address rising electricity demand and ...

Book Tickets for 20th Microgrid and Off-Grid Innovation Forum happening at TCEA, Austin, TX on Tue, 30 Sep, 2025 at 09:00 am CDT. Register or Buy Tickets, Price information.

The audience for the Forum includes microgrid project developers, owners, and entrepreneurs; C& I end users; mining and energy development companies; utilities and renewable energy providers; energy ...
