What is a scalable solar energy storage system?

With scalable solar energy storage systems that cut costs, boost resilience, and gives farms and businesses full control over your energy use. Ernest Energy provides turnkey solar and battery energy storage systems (BESS) tailored for New Zealand's commercial and agricultural sectors.

Who are New Zealand & Australia's leading wholesalers?

New Zealand and Australia's leading wholesaler of solar, energy storage, EV chargers and home automation equipment for homes and businesses.

Who are NZ solar installers?

Trusted by NZ installers. We supply premium solar panels, inverters, batteries, cables, and mounting systems -- all in stock locally for fast delivery. Our global brand partnerships mean proven performance and reliability. Expect sharp pricing, responsive service, and tech you can trust -- so your installs are faster, easier, and more profitable.

Who installs smart systems in Southland & Otago?

In Southland and Otago, our official installation partner is NES--a leader in electrical and energy solutions across the lower South Island. With NES handling the install, you can expect smart systems delivered with local knowledge, reliability, and unmatched service.

Australia and New Zealand's leading wholesaler of solar, energy storage, EV chargers and home automation equipment for homes and businesses.

It is a leading manufacturer of solar photovoltaic modules, provider of solar energy and battery energy storage solutions, and developer of utility-scale solar power and battery energy storage projects.

Our mission is to enable and support people across New Zealand to move towards clean energy with a range of high-quality solar products from some of the leading brands from around the globe.

We supply premium solar panels, inverters, batteries, cables, and mounting systems -- all in stock locally for fast delivery. Our global brand partnerships mean proven performance and reliability.
