---

The cabinets are made of galvanized steel or aluminium, making them easy to position and providing a long service life. A slide-in racking system allows for easy installation of 19" rackmount style battery ...

Empower your off-grid projects and grid-support applications with a reliable outdoor battery storage cabinet from TOPBAND. Engineered for harsh climates and demanding workloads, ...

Designed for optimal performance, safety, and scalability, they ensure seamless integration with BESS systems. Power your business with reliability and innovation.

This product integrates a power conversion system (PCS), batteries, a battery management system (BMS), thermal management, power distribution, and fire protection, adopts single-serial design, and ...

The iCON 100kW 215kWh Battery Storage System is a fully integrated, on or off grid battery solution that has liquid cooled battery storage (215kWh), inverter (100kW), temperature control and fire safety ...

Featuring an integrated EMS for safe, stable operation, and a built-in isolation transformer for strong load adaptability, the Megarevo cabinet BESS maintains a stable power supply and adapts to ...

Suitable for outdoor/ commercial/industrial/ emergency/telecom applications Modular & compatible design Harmonic/reactive power/imbalance compensation Support on/off-grid switch modes High ...

Featuring lithium-ion batteries, integrated thermal management, and smart BMS technology, these cabinets are perfect for grid-tied, off-grid, and microgrid applications. Explore reliable, and IEC ...

You can choose components such as photovoltaic charging modules, parallel off-grid switching modules, and power frequency transformers based on specific microgrid scenarios, all integrated into an ...
