Who makes outdoor Telecom cabinets?

Since 1989, we've manufactured outdoor telecom cabinets in America's Heartland, providing telecommunications companies, utilities, and network operators with BABA-compliant solutions that protect critical equipment from the harshest environmental conditions.

What is an outdoor telecom enclosure?

Our outdoor telecom enclosures support a wide range of telecommunications and infrastructure needs: Fiber Optic Networks: From compact fiber distribution units to high-capacity data center enclosures like the AP-Data with six slack frames, our cabinets manage dark-fiber volumes with organized cable management and secure slack storage.

Where are outdoor Telecom enclosures made?

Every outdoor telecom enclosure we manufacture is designed, fabricated, and assembled entirely in the USA. Our commitment to American manufacturing means you receive consistent quality, faster lead times, and complete Build America, Buy America (BABA) self-certification documentation with every order.

Our team brings over 36 years of manufacturing experience to every outdoor cabinet project. Whether you're planning a single installation or a large-scale network deployment, we deliver BABA-compliant ...

DDB Unlimited manufactures NEMA outdoor cabinets to protect telecommunications, fiber optics, Wi-Fi and other electronics from the outdoors.

AZE's waterproof outdoor rack cabinets are ideal for applications where your expensive and sensitive network equipment is exposed environmental factors such as dust and water.

AZE's outdoor server enclosure is the ultimate choice for your outdoor racking requirements, they can provide a secure, climate controlled environment for any electronic equipment.
