60kWh/200kWh outdoor integrated cabinet for industrial and commercial storage. Suitable for various industrial and commercial application scenarios such as industrial parks and commercial complexes, ...

IP54-rated outdoor cabinet that withstands extreme temperatures, dust, and moisture. Real-time load optimization, peak shaving, and grid interaction via a cloud-based EMS (Energy Management System).

Our main products include low voltage and high voltage battery packs, on and off grid hybrid inverters for households, commercial and industrial applications. We also have the all-in-one hybrid generator ...

Our solar battery cabinet systems are storing Pylontech lithium-iron phosphate (LiFePO) batteries, in particular the US3000C rack mounted battery modules. We install these in a purpose built cabinet ...

The compact design of the cabinet allows for easy installation and space optimization. With a capacity to store solar power, reducing their reliance on traditional power sources.

All-in-One Outdoor Energy Storage Cabinet integrates a 125kW bi-directional PCS inverter and 215kWh LiFePO₄ battery into a rugged, space-saving solution for commercial/industrial applications.

All-in-one containerized design complete with LFP battery, bi-directional PCS, isolation transformer, fire suppression, air conditioner and BMS; Modular designs can be stacked and combined.

Battery enclosure boxes also feature locking mechanisms that protect unauthorized people against possible electrical dangers if they happen to be tampering with your equipment. Our battery ...

1000V level DC to DC solar charge controller, used together with ATESS PCS and Bypass for large scale solar projects. Bypass cabinet is designed to be used together with bidirectional battery ...

Photovoltaic IP54 battery cabinet with bidirectional charging for sale

The IP54 waterproof shell makes it perfect to adapt to a variety of indoor or outdoor industrial and commercial application scenarios, such as photovoltaic charging stations, industrial parks, farms, etc.
