Solar stocks plunged Thursday after House Republicans passed a tax bill that terminates key clean energy credits. Residential solar installer Sunrun plummeted 37%. The legislation ends tax...

Our list of the best solar power stocks is constructed using strict criteria that aim to identify companies with consistently growing operations and strong analyst sentiment.

Critical tax subsidies that have made solar energy economical in the U.S. look like they are on their last legs, and that's sending solar energy stocks lower in 2025.

Shares of solar stocks, including rooftop solar provider Sunrun(NASDAQ: RUN), renewables-focused utility NextEra Energy(NYSE: NEE), and renewable power provider AES ...

Prior to today's gap lower, the shares had strung together consecutive weekly wins of over 5%, but the rally fell short of their 200-day moving average. Year-over-year, FSLR is down 45.6%.

Shares of solar-power companies were tumbling Tuesday after the release of U.S. Senate's proposed a plan to phase out solar tax credits by 2028 as part of President Donald Trump's ...

Today, stocks dropped because the Federal Reserve's meeting minutes from December were released and weren't as rosy as the market thought. Shares of renewable energy asset owner ...

Stocks related to wind, solar and other forms of renewable energy have fallen by a third this year. Only a handful may be ready to rebound.

Shares of several solar stocks slid during Monday's trading session as the sector broadly declined amid renewed political risk to clean-energy incentives.

# Photovoltaic stocks with consecutive lows

Major solar companies saw double-digit losses in premarket trading, with some stocks plummeting over 27% as investors fled the sector.
