The VE.Bus BMS NG is an all-in-one Battery Management System (BMS) for Victron Lithium NG batteries (not compatible with Lithium Battery Smart batteries), designed for systems with Victron ...

The Lynx Smart BMS is a dedicated Battery Management System (BMS) for the Victron Lithium Battery Smart batteries. These batteries are Lithium Iron Phosphate (LiFePO₄) batteries and are available in ...

It combines a Current Limiter, Battery Combiner and Battery Protector in a robust and compact solution and lets you safely connect any size 12V alternator (and starter battery), loads and chargers to Smart ...

Although a high-quality lithium battery already has built-in cell balancing, an external Battery Management System (BMS) is still required to intelligently ...

Communicates directly with the lithium battery via the battery's M8 circular connector cables. Protects the lithium battery cells from overvoltage, under voltage or a too low or high temperature by turning ...

This chapter describes things to consider on how the battery interacts with the BMS and how the BMS interacts with loads and chargers to keep the battery protected.

Find an overview of all Victron Energy products. From Inverters, Solar Panels, Solar Charge Controllers to Car Transformers and System Monitoring.

The Smart BMS CL 12-100 is a Battery Management system for Victron lithium-iron-phosphate (LiFePO₄) Smart Batteries. It has been specifically designed for 12V systems with a 12V alternator.

Victron Energy monitoring With the most current free-to-use monitoring solutions on the planet you can manage it all from anywhere in the world.

The SmallBMS NG is an all-in-one Battery Management System (BMS) designed for Victron Lithium NG

Victron battery management

batteries (not compatible with Lithium Battery Smart batteries). It monitors and protects the batteries ...

This robust BMS ensures seamless performance, optimal safety, and efficient monitoring for Lithium NG battery banks, which are available in nominal voltages of 12.8V, 25.6V, and 51.2V with various ...

Where to buy Need advice? Our highly trained dealers are happy to help with questions, small or large. Find a dealer near you
