Can I store items in my elevator machine room? No. Machine rooms should be strictly reserved for elevator-related equipment. Storing unrelated items can pose fire hazards, impede maintenance, and ...

All materials stored in tiers shall be stacked, racked, blocked, interlocked, or otherwise secured to prevent sliding, falling or collapse.

In the following sections, we will provide a step-by-step checklist that covers every critical inspection point, helping you ensure safety and operational efficiency without missing a step.

I believe the requirement for an elevator lobby is to prevent smoke coming out of the shaft from spreading to the entire floor. It is not an exit, so items that are allowed in a corridor should be ...

Explore a searchable database of US construction and building code. Code regulations are consolidated by state and city for easier navigation.

Wheeled items that are in-use, such as mobile computer on wheels, linen and housekeeping carts can be in the egress access corridor, if these are moved within 30-minutes. In ...

When items are stored in corridors, they often will be placed along the wall; however, important safety devices such as fire extinguishers, automated external defibrillator (AED) wall mounted units, some ...

You cannot use the means of egress (hallways, exit paths and stairwells) in your facility to store the over-abundance of supplies you may have received for infection control measures ...

A great tip to avoid violations, is to equip your Elevator Machine Room with a self-closing/locking door. A lockbox with keys should be placed near to the machine room for access.
